Mr. Jeffrey Larsen
Project Manager
Illinois Environmental Protection Agency
2200 Churchill Road
Mail Stop #24
Springfield, IL 62794-9276

Dear Jeff:

We received your letter of February 11, 1988, concerning the key to the observation wells on the Sauget Waste Treatment Plant property in Sauget, Illinois. We also received the key from Dan Sewall of Ecology & Environment, who was directed by you to send the key to Geraghty & Miller, Inc.

As I indicated in telephone conversation of February 9, the request for the key came from Mr. Carl Marciante of the Sauget Sanitary Development & Research Association (SSDRA), and not from Geraghty & Miller, Inc. Therefore, I suggest that you communicate with Mr. Marciante directly regarding the monitoring well key. I will hold the key at Geraghty & Miller, Inc. offices until I hear further from you on the matter.

Very truly yours,

GERAGHTY & MILLER, INC.
